

## Specifications

**Voltage Rating**  
600 VDC

**Interrupt rating**  
50,000 Amps

**Manufacturer**  
Cooper Bussmann®

## Benefits

- Fuses from 1/10A to 30A provide a wide range of fuse amperages for many different circuits.
- Unlike KTK fuses, KLM's are rated for use with DC power systems.
- Used in telecommunications networks worldwide.
- Trimm's KLM Dummy Fuse is designed to keep the KLM fuse holder in place without an actual fuse installed.

## Used In Trimm Panels

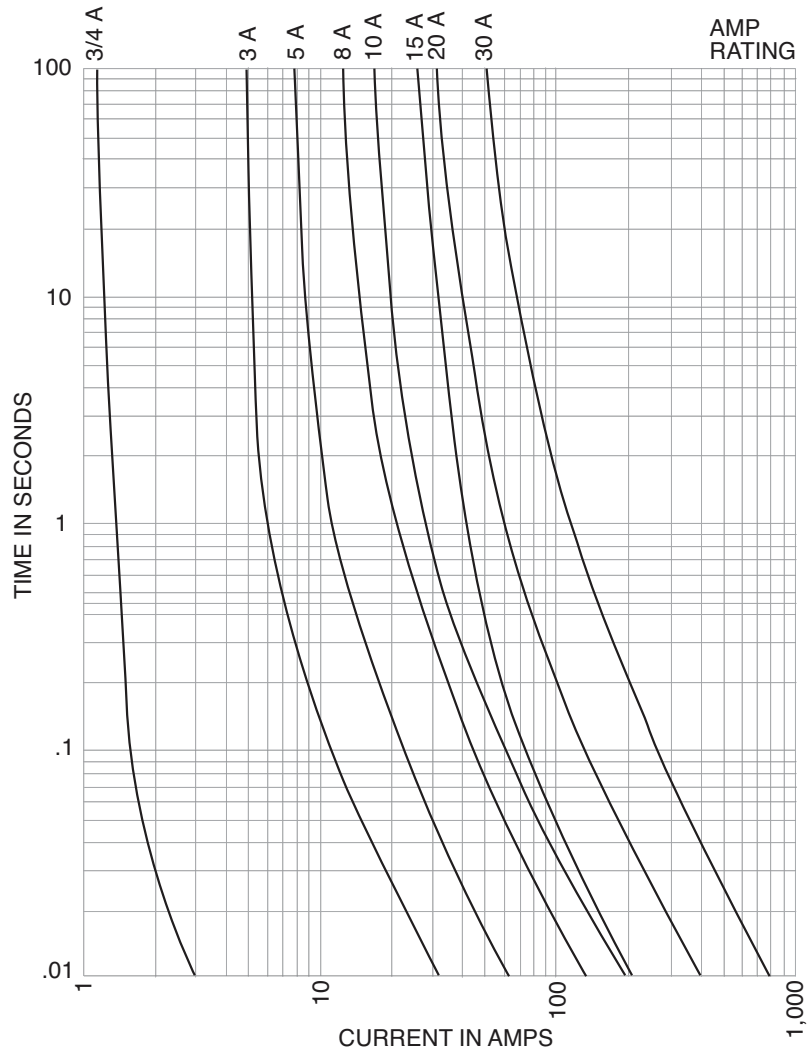

- 717 Series KLM Fuse Panels
- 817 Series KLM/GMT Fuse Panels
- Select 847 Series Total Front Access Combination Fuse Panels

*\*The KLM Dummy Fuse is made by Trimm to fit into the KLM position.*
